To whom it may concern.

I have been really impressed with the development of OJ and his band Big Picnic. We've used OJ a number of times for events and he is just a superb entertainer.

I especially like his solo swing routines – very slick and professional and perfect for creating atmosphere. It makes you want to listen.

Big Picnic is ideal for a livelier party atmosphere; we used them for the Dancing with the Masters night at the South Island Masters Games in Timaru – a fantastic night.

We'll certainly be using OJ again; in fact we have him booked for one of our next corporate functions.
